SFITS

12:00 - 13:00

2026

2nd semester

Lunch&Learn in spinal surgery

Topic	Date	Faculty
Metastasis Spine Disease	17.08.2026	Halah Stern
Basic of biomechanical failures	24.08.2026	Dennis Dominguez
Odontoid fractures	31.08.2026	Halah Stern
Revision MIS	07.09.2026	Dennis Dominguez
Paediatric Spinal Injuries	14.09.2026	Dennis Dominguez
Vertebral osteomyelitis	21.09.2026	Dennis Dominguez
ProneXLIF	28.09.2026	Dennis Dominguez
C0-C1 fractures	05.10.2026	Khalid Al-Taha
Cervical sagittal balance	12.10.2026	Dennis Dominguez
Spondylolesthis and managment algorithm	26.10.2026	Dennis Dominguez
Thoraco-lumbar fractures clearance (OF and AO)	09.11.2026	Nicolas Lauper
Transitionnal annomalies	16.11.2026	Simone Granno
Cervical endoscopic decompression	23.11.2026	Jean-Yves Fournier
Screw revision	30.11.2026	Christophe Laux
Neglected AIS	07.12.2026	Dionysios Tsinas
Spine rehabilitation	14.12.2026	Maximilian Schindler

Accreditation:
Swiss Orthopaedics awards one point for each session.

Structured theoretical course — EVE

Course director:
Dr. Dennis Dominguez

One-hour presentation on a specific topic in spinal orthopedics, either online or in-person.

Lunch and drinks are provided by the SFITS (for in-person participation).

Participants, whether online or in-person, are invited to register for each class, before joining the class, for organizational purposes.
Please take a few minutes to register on the SFITS Calendar.
